

About Us

Miknar Machine is a production C.N.C machine shop which supplies medium to large machined components for various industries including, forestry equipment, construction equipment, the oil and gas industries, mining equipment, etc.

Miknar Machine Inc. was established in 1992 and today we have grown into a 17,000 sq.ft. operation.

Our staff consists of 20 skilled workers with years of experience in the machining industry.

As mentioned above Miknar is a production machine shop, “job shop”. This really means that every order is a reflection of our commitment to our customers.

High quality, on time delivery and customer satisfaction are our founding principles.
